

Magnetic Particle Testing

- **weight - 1lb and 11oz**
- **lift capacity - 50lbs with poles extended from 0 to 10.25"**
- **mechanical capacity - poles measure 6.5" in length and 1-5/16" in diameter**
- **for use with dry powder, wet visible or fluorescent**

Model PM - 6

The PM-6 is a portable, lightweight, state-of-the-art magnetic particle testing device for reliable one-man inspection. The PM-6 requires no external power source and it is spark proof for test in "RED" fire or explosive zones.
